The good effect of

You will never grow tired of Dr. Price's Food, as it is made from the whole wheat berry, healthful and satisfying.

Talesman Says He Would Not Believe Harry Orchard.

DISCUSSION IS ACrimonious

Counsel Engage in Sharp Wrangle in Which the Name of President Roosevelt Is Involved—Final Stage of Jury Selection Reached.

Boise, Ida., May 16.—The unexpected uncovering of a vein of prejudice against Harry Orchard and his testimony during further examination of talesmen in the Steunenberg murder case led to the first sharp wrangle between counsel and involved the name of President Roosevelt in acrimonious discussion. The incident began with Samuel Wingate, the eleventh talesman, in the hands of the defense for examination in chief. Questioning had proceeded a short distance when it developed that Mr. Wingate was biased against Harry Orchard and unwilling to accept the testimony that it is expected Orchard will give against the prisoner. The defense naturally tried also to show that Wingate's state of mind on the subject was not such as would warrant his removal from the box, but when the talesman repeated to the hands of the state, Senator Borah quickly drew from him the flat-footed statement that he could not under any circumstances give credence to Orchard's testimony. Wingate was upon this excuse, the defense excepting to the court's ruling and from thence forward the state was particular to test all talesmen on the point.

Talesman A. P. Burns who finally succeeded to Wingate's seat said under oath that he was not prepared to give the same credence to Orchard that he would extend to other witnesses, but his attitude was not deemed sufficient to warrant his removal. The question occurred at the afternoon session when Senator Borah put the question to Talesman William McGuffin, who succeeded Talesman Henry to seat No. 6 after the latter had been evicted for implied bias on testimony of R. C. Lovelace, the first witness called, who swore that Henry had told him that Haywood, Moyer and Pettibone would not have been brought here if "they had not been mixed up in the case."

Clarence S. Darrow of the defense objected to the question and Senator Borah sharply replied:

Did Not Expect Objection.

"After the immense latitude that the defense has taken in regard to McPartland, Taft and Roosevelt, I did not think they would stick on any technicality at this late day."

"We did not ask as to the effect of McPartland's testimony," said Messrs. Darrow and Richardson together.

"If Roosevelt is to be brought here to testify we might have something more to say," went on Mr. Richardson.

"Roosevelt can take care of himself, wherever he is," retorted Borah.

"Well, I don't know about that," said Mr. Darrow.

Judge Wood directed counsel to proceed with the case, but Mr. Darrow took formal exception to the remarks of Mr. Borah.

"I will be glad to eliminate Roosevelt if you will," replied Borah. "He was brought into the case by the defense."

"He came in himself," said Mr. Richardson. "He is 2,000 miles away and he writes letters."

"He was brought in by his own butting-in," added Mr. Darrow.

The judge overruled the objection to the question, the talesman saying that he did not have any bias or opinion in the matter, the defense noting an exception and the incident closed.

The jury box was finally filled with twelve talesmen subjected to examination and temporarily passed by both sides and the court announced that it was in order for both sides to exercise peremptory challenges. Counsel for Haywood asked for a few minutes' delay and for five minutes they gathered around the chair of the prisoner and engaged in earnest consultation as to their course. The state exercised its right first and excused William Vandersdale, a grocer who has occupied seat No. 2 since the opening day of the trial. George F. Maw, a young farmer with some strong opinions as to the acts of certain elements in the labor unions of the country, was then called to the vacant place. The state passed him and he was still in the hands of the defense when adjournment hour was reached.

It is generally admitted that both sides intend to make full use of their peremptory rights and the present composition of the tentative jury may be entirely changed.

SAW NEGROES SHOOTING.

Witness Testifies Regarding Brownsville Affray.

Washington, May 16.—Direct testimony connecting negro soldiers with the shooting affray at Brownsville, Tex., on the night of Aug. 13 last, was given in the investigation being conducted by the senate committee on military affairs. Three witnesses who had heretofore told their stories on the stand in connection with the investigations of the affray made by the war department and by Assistant Attorney General Purdy, at the request of President Roosevelt, were on the stand.

They were Mr. and Mrs. George W. Randall and Jose Martinez. All of them on the night of the shooting occupied houses on Garrison road, Brownsville, directly opposite the military post. All three testified to having seen or heard soldiers leave the post during the shooting, and Martinez, who was on the stand all afternoon, testified that he saw the men shooting as they ran.

CHARGING FORGERY.

Warrant Will Be Asked Against One Defendant in Insurance Case.

New York, May 16.—A warrant charging forgery against one of the defendants in the case of George R. Scroggins, manager of the International Policyholders' committee, Charles F. Carrington and Charles Stirrup, under arrest on a charge of conspiracy, will be asked for by the prosecution, according to an announcement made by Assistant District Attorney Smythe in court.

Mr. Smythe's announcement came after he had informed the court that the case of the prosecution was practically finished. He had only one more witness, Leon Tobriner of Washington, he said. Mr. Tobriner will be ready to testify next Monday and he asked that the hearing be adjourned until that time.

"After our evidence is all in," said Mr. Smythe, in asking for the adjournment, "I will leave it to your honor whether a warrant charging forgery shall be issued against one of these defendants."

The adjournment was ordered and the magistrate said that he would announce his decision upon the question of issuing a warrant as soon as the testimony is complete.

TWO ELEVATORS BURNED.

Heavy Loss From Fire Sustained at McCanna, N. D.

Grand Forks, N. D., May 16.—Fire at McCanna destroyed the St. Anthony and Dakota elevator, the Imperial elevator, the Great Northern railway depot, a house and barn belonging to the St. Anthony and Dakota Elevator company and a box car. There were 16,000 bushels of wheat in the St. Anthony and Dakota elevator. The other elevator was empty.

The fire started in the St. Anthony and Dakota when a workman, in leaving a bin in the basement, knocked against a lantern and broke the string which held it. The lantern crashed to the floor of the bin and exploded.

The total loss is about \$20,000. It is partially covered by insurance.

BRONCHIAL TROUBLES

Readily Yield to Soothing, Healing Treatment of Hyomei

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. In this lies the secret of the great success of Hy-o-mei in the treatment of bronchial troubles.

The Hy-o-mei medication, laden with nature's remedies, is breathed through the neat pocket inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they caused further irritation.

The first breath of Hy-o-mei's medicated air seems to smoothe the inflammation, stop the cough and thus relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic form of bronchial troubles and is sold by H. P. Dunn & Co with the same guarantee as they give when Hy-o-mei is purchased for catarrh, that is, to refund the money in case the remedy does not give satisfaction. The complete outfit costs but \$1.00.

OHIO DEMOCRATS HOPEFUL

Believe They Have a Chance to Elect Foraker's Successor.

Cleveland, May 16.—The rescinding of the call for the Republican conference at Columbus and the consequent failure of the Taft and Foraker factions to get together has greatly encouraged Democratic leaders throughout the state. They are of the opinion that they now have an excellent chance of electing Senator Foraker's successor if the Republican fight is not settled by the time the next legislature is elected. No claims are made that the Republicans are already beaten. The Democrats simply assert that they have a strong fighting chance and cite the figures of the existing legislature's make-up as proof.

The present Ohio house of representatives consists of 62 Republicans, 57 Democrats and 2 independents. The senate comprises 18 Republicans, 18 Democrats and 1 independent, who is classed as a Democrat. This gives the Republicans on joint ballot 80 votes against 78 for the Democrats and independents.

The present legislature will not choose the next senator. He will be elected by the legislators chosen at the next election and there are so many districts throughout the state now represented by Republicans in which the vote is exceedingly close that it may safely be said, using the result of the last legislative election as a guide, that the Democrats have at least as fair a prospect of overcoming the present Republican lead on joint ballot as the Republicans have of increasing it.

The possibility of a Democratic legislature after the next election is admitted by the Republicans, but they express themselves as confident of electing Mr. Foraker's successor.

Change of Venue Denied.

New York, May 16.—Frederick A. Burnham, president of the Mutual Reserve Life Insurance company, and George D. Eldridge, also an officer of the company, who are under indictment on charges of grand larceny and forgery, must stand trial in New York county. An application for a change of venue has been denied by Supreme Court Justice Dowling.

Rengo Cure For Fat People

Rengo, one of the most famous products of the land, is now declared by scientists to be Nature's own marvelous cure for obesity or excess fat.

This illustration Plainly Shows What Rengo Has Done.

Rengo does more than reduce the weight and get rid of the fat. It does all this without weakening the patient, or otherwise working him harm, and it positively builds up the health, giving increased strength and vitality. It brings almost immediate relief from the dangers of fatty degeneration of the heart and other fatal conditions which nearly always accompany excess fat.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid by the Rengo Co., 3073 Rengo Bldg., Detroit, Mich. LACKED ONLY TWO VOTES

Hatten Comes Close to Winning Senatorial Fight.

Madison, Wis., May 16.—The senatorial contest appears to be nearing its final stage. It was expected that Wednesday night would see the end, but a change of two votes prevented this outcome. The anti-Stephenson Republicans at a conference decided to drop Esch and vote for Hatten and fifty-three votes were pledged to Hatten, one more than enough to elect in caucus. Wednesday night, however, one changed to Stephenson and two refused to vote, leaving Hatten with fifty on nine ballots. The caucus then adjourned without decision, but it is expected the election will soon take place by the aid of the Democrats. After the caucus the adjourned session of the legislature took one ballot as follows:
Hatten 50, Stephenson 46, Bird (Dem.) 14, scattered 11.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nerve tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

JUDGE ALLBRIGHT ORDERS WARRANTS

Boys Under Arrest for Drunkenness Tell Where They Got Their Liquor

DRANK IN FOUR PLACES

Judge Allbright Remanded Them to Jail and Ordered Warrants for Saloonkeepers

There were three drunks in the municipal court this forenoon. One John Killen, attributed his presence in court to the strike of the laborers at the Northern Pacific shops. He was one of the gang at the old freight house and the strikers ordered him to quit work and he did so. Then he went up town and proceeded to get hilarious and a policeman gathered him in. Judge Allbright imposed a fine of \$7.50 or seven days in jail upon him.

The other two youngsters, were Bert Mahlum and Arnold Kalland, who laid off their work at the shops Wednesday afternoon to visit the Northern Pacific hospital. On their return they started in to take a couple of glasses of beer and wound up in the lockup. In municipal court this morning the boys swore to securing liquor in the saloons of R. D. Holden, Theinis & Hogan, Henry Grossman and Geo. Gardner. Judge Allbright remanded the boys to the city jail and ordered the clerk to secure the assistance of the city attorney and issue warrants for the saloonkeepers above named, on the charge of selling liquor to minors. These will be the first arrests in this city under the Hilton bill which gives the municipal court jurisdiction in such cases.

The city attorney referred the matter to the county attorney and it is now in his hands.

IMPROVEMENTS COMMENCING

Northern Pacific Puts Wide New Walk Along the West Side of the Depot and Express Shed

The work of the Northern Pacific in fixing the walk on Sixth street along the west of the depot and depot park is a much needed improvement. A party was heard to criticize the city officials for permitting the company to use plank walks when others were compelled to put in cement. As a matter of fact the city has no power to compel the railroad to pay for paving and sidewalks on land used for railroad purposes, that corporation paying its taxes in bulk to the state. It was therefore a choice, apparently, between having a good plank walk and having none at all or the city paying for the improvement. The city authorities evidently decided that the wiser plan was to take the plank walk, and especially as the company keeps its walk in good condition.

STRIKERS TO ORGANIZE

So Say They in a Communication to the Secretary of State Federation

WOULD FORCE OTHERS OUT

Believe that by Organizing Mechanics will go on Sympathetic Strike

The Duluth Herald of Wednesday contains the following:

"The freight handlers and helpers who are employed in the Northern Pacific storehouse and scrap iron yard at Brainerd, and who are out on a strike for higher wages, have sent a communication to the secretary of the state federation of labor, whose office is in Duluth, asking that a permanent union be organized.

"The strikers are asking for a wage increase of 25 cents a day from \$1.75 a day. A temporary organization has already been formed and so far there are about fifty-four names on the membership list. E. E. Jones has been chosen as chairman of the strike committee.

"The state secretary was asked to either go to Brainerd to perfect the organization himself, or send some one from this city for that purpose, or to deputize a Brainerd union labor official to do the work. The strike is being conducted on business principles and the unions hope to win in the end.

"If the railroads should refuse the demands of the strikers and should attempt to put strikebreakers to work in their places it is expected the unions of machinists and boilermakers working for the company at Brainerd will go out on a sympathetic strike."

For Her Brother's Sake.

Conspicuous among this season's offerings is the new comedy drama "For Her Brother's Sake" which will be the attraction at the opera house on Friday, May 17. It is a play of intense heart interest, telling the ever new story of love and devotion between brother and sister, a story of wits pitted against wits, the triumph of good over evil. Although there is nothing new under the sun, there can be something different and "For Her Brother's Sake" furnishes a succession of surprises for even the most blasé theatre goer.

FOR CLEANING UP THE CITY

Officers Were Elected and Permanent Organization was Perfected at Meeting

The meeting called to be held at the Commercial Club room Wednesday evening for the purpose of organizing a civic league, was well attended, especially considering the sloppy condition of the streets. The meeting was called to order by Mayor Wise, and a temporary organization was effected by the election of H. F. Michael as chairman and B. W. Talcott as secretary.

The chairman stated briefly the object of the meeting. Dr. Werner Hemstead, Geo. D. LaBar, Mrs. W. A. Fleming, H. I. Cohen, Rev. Chas. Fox Davis, M. T. Dunn, Mrs. A. D. Polk, A. T. Larson, W. D. McKay and others spoke briefly touching various phases of the work hoped to be accomplished.

The chairman was on motion instructed to appoint a committee of three on permanent organization. He named Geo. D. LaBar, Mrs. W. A. Fleming and Mrs. H. I. Cohen. At the request of the committee he afterwards added Dr. Werner Hemstead and M. E. Ryan to the committee.

While the committee was out formulating plans for a permanent organization the matter of cleaning up was further discussed, a number of ladies and gentlemen participating.

On motion Mayor Wise was requested to appoint a general cleaning day and announced Wednesday, May 22, as that day.

The committee on permanent organization presented the following report: "The name of this association shall be the 'Civic League of Brainerd.'"

"The officers shall be a president, a first vice president, five ward vice presidents, one from each ward, a secretary and a treasurer.

"We recommend that auxiliary leagues be organized in each ward. That a committee be appointed on constitution and by-laws. We also recommend that the president have authority to appoint such temporary committees as may be necessary, to act until the constitution and by-laws are adopted."

The report was accepted and the committee discharged.

The chairman was instructed to appoint a press committee of three to include the chairman. He appointed as the other members of such committee, Mrs. C. M. Patek and M. T. Dunn.

On motion Prof. Hartley was requested to instruct his teachers to agitate the question of cleaning day among the pupils of the public schools.

On motion the meeting adjourned to meet Friday evening, May 24th.

The meeting was enthusiastic and in the main united in the objects aimed at. There seems no question that if the present enthusiasm keeps up the city will be put in much more presentable condition in the near future.

HAIR CUTS 25 CENTS

Ransford Barber Shop Appeals to International Union and Serves Notice of Restoration of Old Rate

The 35 cent hair cut will be a thing of the past if the appeal of the Ransford barber shop to the head officers of the International Barbers' Union is sustained. The appeal from the decree of the local union that the shops must charge 35 cents for hair cut is based on the claim that the men claiming to act as officers of the local union were not legal officers, therefore the order is not legal and therefore not binding. Notice has been given the other shops that the old rate will be restored pending decision by the International Union.

REVEALED BY SOLDIER

Terrorist Conspiracy Against the Life of the Czar.

UNDERLINGS ARE ARRESTED

Secret Service Men, However, Are Unable to Locate the Chief Conspirators—Soldier Accepted Bribe to Assist in the Proposed Murder.

St. Petersburg, May 16.—A terrorist conspiracy directed against the life of Emperor Nicholas, the existence of which has been suspected for some time past, has been revealed by the arrest at Tsarskoe Selo of a soldier of the guard regiment who confessed to the acceptance of a large money bribe to assist in the murder of his majesty.

According to the details of this plot, the existence of which has been confirmed by one of the highest officials of the court, suspicion was directed to the soldier by the fact that he was seen to have in his possession considerable sums of money. The man was at once placed under observation. When he noticed that he was being shadowed he became panic-stricken and sought the authorities. He then broke down and voluntarily made his confession, after which he begged for protection.

All the threads of this conspiracy, which is radically different from former attempts of this nature, are not yet in the hands of the secret service men. A few underlings have been apprehended, but the real instigators of the crime and the men who furnished the blood money have not yet been identified.

It is thought that the money used is part of the proceeds of several political robberies committed last fall and winter. Many of the participants in these so-called "expropriations" have been arrested and executed, but the loot was never located.

The police officials maintain silence when questioned regarding this conspiracy. They refuse either to affirm or deny the story and limit themselves to stating that there is no indication that the men arrested last week in this city were connected with this conspiracy.

This statement coincides with information obtained in revolutionary circles, where it is declared that the men apprehended last week were occupied with the reorganization of the fighting bands of revolutionists, which the police succeeded last year in breaking up and that the authors of the present conspiracy must be sought outside of St. Petersburg.

GRANTS DEMANDS OF MEN

One San Francisco Car Line Will Resume Operations.

San Francisco, May 16.—The Geary street road has granted the demand of the striking carmen and will resume operations on a basis of \$3 for an eight-hour day. The board of supervisors notified the officials of this line that unless the company started its cars the city would take over the road and operate it.

Comparative quiet marks the street railway strike here. The United Railroads has 126 cars in operation and but few minor acts of violence were reported.

CHARGE OF CONSPIRACY.

Made Against Two Pittsburg Men Now Under Arrest.

Pittsburg, May 16.—C. R. Richardson, a broker, and A. B. McGraw, his business associate, have been arrested on a charge of conspiracy to bribe in connection with the Pittsburg and Tube City railroad scandal, in which \$70,000 and bills granting franchises from McKeesport to Pittsburg figured.

William A. Martin, a member of common councils, was recently convicted on a charge of conspiracy in the same case and is now under bond pending an appeal to the superior court of Pennsylvania.

Richardson and McGraw are charged with furnishing President Cameron of the railroad the \$70,000. The money disappeared mysteriously and Richardson entered suit against Cameron for its recovery.

Chicago, May 16.—The mutilated bodies of two men found in the Chicago river have furnished the police with a double murder mystery. While one body is unidentified the other has been identified as that of William Bishop, a sailor, formerly of Ogdensburg, N. Y.

The police believe that the men were murdered and their bodies thrown into the river.
